

a foundational years school for the less privileged by  
the School of Life Foundation

*Ambar Vidyadhara*

*We're focused on the less-privileged,*

1.

*the strata most affected by the pandemic.*

*Our curriculum places an emphasis on  
sports & creativity,*

2.

***both integral in a child's well  
rounded development.***

3.

*Low-cost, structured and value-based learning with the same facilities,*

*just as any other private school.*

a **foundational years** school  
for the less privileged by the  
**School of Life Foundation,**

**ambar vidyadhara** operates as  
an afternoon school program  
in association with **The Sixth  
Element School, Gurugram.**

functional since **2021**, Ambar  
has both **12A and 80G**  
**certification** to be recognised  
as an **NGO**,

so all partners and contributors  
can also derive **tax benefits**.

we have been entirely **self-funded** by our parent organisation '**The School of Life**',

as the **education** of each child costs **Rs. 4450 per month**, and we need **your help** to keep going.

School of Life

## School of Life Foundation

*Learn. Innovate. Flourish. Empower*

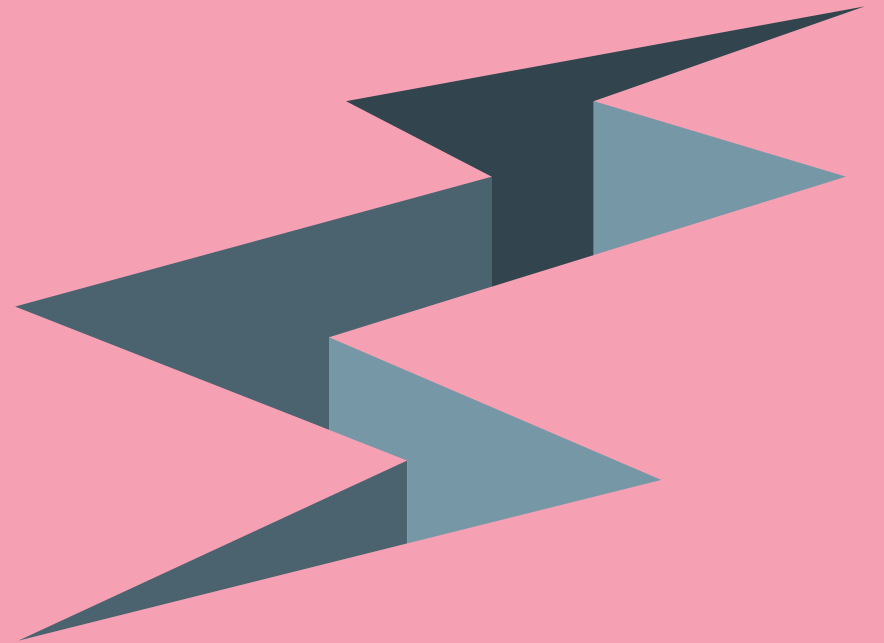

SOL is an initiative of the **TSE Foundation**, a trust registered in 2012 under the **Indian Trusts Act (1882)**. Our vision is to *create a world that is free of abuse of women and children.*

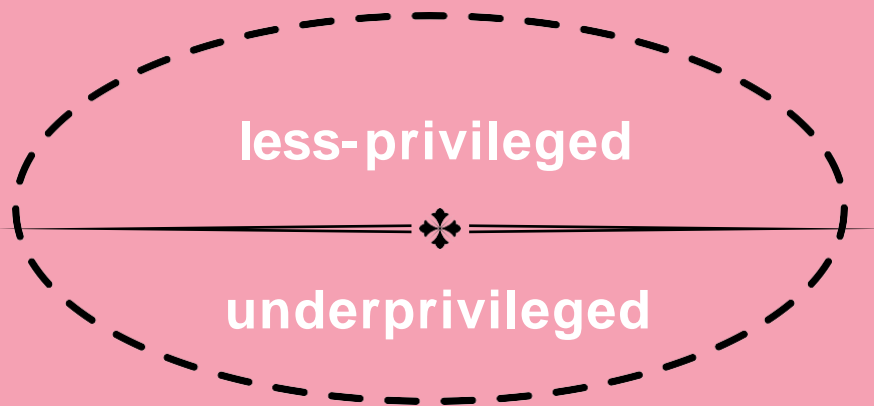

We conduct training sessions and workshops on various issues related to child and women protection.

the **pandemic** created an  
**education gap** we're trying to  
fill,

in the **less-privileged**  
neighbourhoods of **Gurugram**.

the **underprivileged** had  
access to **governmental  
resources**,

but those just **slightly above  
the poverty line** were left  
**hanging.**

the lack of **educational infrastructure** in the form of **digital laptops** and **online classes**,

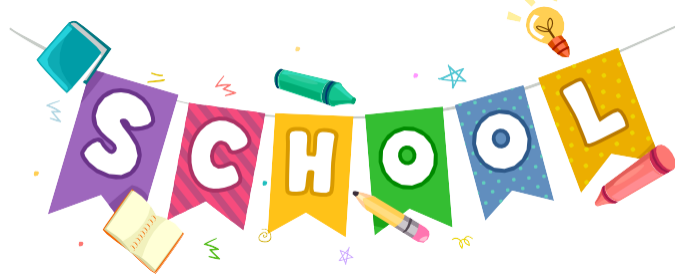

left a gap Ambar **aims to bridge**, and develop.

this problem is **particularly acute** in urban areas like **Gurugram**,

where the **income and social disparities** are stark.

# What is our solution?

provide a low cost, structured, engaging and value-based learning experience to every child so that they are able to achieve the best in class **language**, **creative**, **social**, **emotional** and **physical** benchmarks.

# Sports at the Ambar Vidyadhara

**Gymnastics**

**Yoga**

**Baby Crossfit**

conducted at a **foundational, supervised** level.

## Our **Partnerships** and **Tie-Ups**

**XFIT Kids**  
our sports and  
fitness partner

**Health Set Go**  
our health and  
medical partner

# What happens when a child is **eligible** to enter **Class 2**?

Ambar has tie-ups with **local schools**,

so the transition is **smooth** and at **subsidized** costs.

How will **you** be **involved** in the **process** (if you wish too)?

**Quarterly  
Updates**  
a review on all  
things Ambar

**Acknowledgement**  
on our website  
publicly with your  
organisation name  
and logo

How will **you** be **involved** in the **process** (if you wish too)?

## Events and Happenings

an invitation to our annual showcase

## Expense Breakup

a detailed breakup about *how*, when and *where* your money is being used

**What about those who want  
to contribute to Ambar in  
other ways?**
